Follow - Up Career Exploration on the webpage

Review the links occasionally to make sure that they are active, and that the organization still offer the services.

Chris attended a Northeastern Wisconsin AHEC meeting, and they have received a grant using VR googles so they have purchased a license for career exploration SIMS using VR.

For more information regarding the VR: [VR info 2024.pdf](#)

Drug Screening – Jenn, HSHS

If a student fails their first drug test they have to wait another 30 days to take another test. If student comes back positive for THC they still can attend clinical at HSHS. If faculty are just observing and not providing patient care they do not need a drug screen.

Name Badges

Students do not have to wear scrubs in their name badge photos. Solid shirt would work for photos.
